## PADDINGTON STATION KINDERGARTEN APPLICATION 2012-2013

**P**addington Station is pleased to offer a Kindergarten program for 5-year-olds for the 2012-2013 school year.

The philosophy is based on the theories of Frederick Froebel and Jean Piaget. Our Kindergarten teacher has been trained through the Stanley British Teacher Preparation Program in partnership with UCD.

The Kindergarten class begins the year by building a community within the classroom that fosters a feeling of trust and security. With this feeling of security, students are able to freely express themselves and can take the risks necessary to grow cognitively, socially, emotionally, physically and creatively.

Our dynamic integrated curriculum will take place in an engaging, experiential environment that will nurture and build upon each child's natural curiosity. Students uncover rather than cover curriculum which allows them to take ownership of their own learning. This in turn will provide children with a solid base for their future education and a life-time love of learning.

Paddington Station prides itself on its partnership with parents. Parents are an integral part of the Kindergarten classroom, providing support for their children both in the classroom and at home.

We are looking forward to meeting you and your family and encourage you to call 303.333.9154 with any questions.

*Paddington Station, Inc. admits students of any race, color and national or ethnic origin.*
