

**Literacy
Program**

Year-Long Literacy Classes

2009 • 2010 School-Year • September 8th-November 24th

pre-k enrichment

This enrichment fits within Paddington's philosophy of integrated learning. Literacy based with a focus on books, emergent writing, and sight words. For Pre-K children only. You may sign your child up for as many classes per week as you wish. This class is a year-long class; your child will attend for the entire year.

storybook club

This class will focus on a single great book each day and everything we do will relate to the story. "Storybook Club" will be literacy based and include developmentally appropriate Paddington activities. Each day will consist of sensory, fine motor, gross motor, math, writing, and art activities. The schedule will include both teacher and child directed projects with a strong emphasis on small group learning experiences.
