Paddington Station is pleased to offer a Kindergarten program for 5-year-olds beginning with the 2010-2011 school year.

The philosophy is based on the theories of Frederick Froebel and Jean Piaget. The Kindergarten teacher will have been trained through the Stanley British Teacher Preparation Program in partnership with UCD. The overall objective is to guide the development of the whole child socially, emotionally, cognitively, physically and creatively.

Our dynamic integrated curriculum will take place in an engaging, experiential environment that will nurture and build upon each child's natural curiosity. This in turn will provide children with a solid base for their future education and a lifetime love of learning.

Paddington Station prides itself on its partnership with parents. When parents are involved, their child's educational experience is enriched. Each of our Kindergarten families are expected to actively participate in their child's classroom.

We are looking forward to meeting you and your family and encourage you to call 303.333.9154 with any questions.
